# **Relationship Chart**

### INSTRUCTIONS

**1.** Identify the most recent common ancestor of the two individuals with the unknown relationship.

**2.** Determine the common ancestor's relationship to each person (for example, grandparent or great-grandparent).

3. In the topmost row of the chart, find the common ancestor's relationship to cousin number one. In the far-left column, find the common ancestor's relationship to cousin number two.
4. Trace the the row and column from step 3. The square where they meet shows the two individuals' relationship.
